

New Connector Building

## WAIT House's Capital Project

On the left is 10 Wait St. the home of our new Transitional Living Program for Homeless Pregnant and Parenting Youth.

On the right is 12 Wait St. the home of our Emergency Shelter for Homeless Youth which has provided over 8,500 bed nights to over 650 youths since opening in December, 2003.

In the middle is our new connector building which provides living space for the new TLP program, office space and much needed storage space.

A Ribbon Cutting Ceremony was held on May 7, 2010 to officially open the new program and the new building.

Office Space in Connector  
Building

First Floor of 10 Wait St.
